

Good to know before the first swim lesson

Come wearing your bathing suit, the locker rooms are only accessible on your way out.

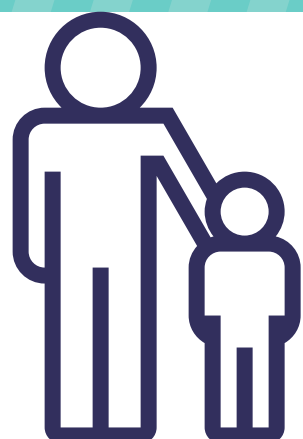

No spectators allowed, only the person going in the water for the lesson can come on deck.

Everyone 10 years and older must wear a mask.

Showers are not available before or after the lesson.

An adult must accompany each child in the water for levels Swim Kids 4 and under.

Instructors are not able to physically manipulate the children so it is up to the accompanying person to do so.
