

Hazardous household waste collection

Requirements

- Put your HHW in the trunk of your vehicle. Make sure that each product is stored separately (no bulk), in a waterproof container. For example, pool chlorine must be kept separate from other products.
- Show proof of residence in the Greater Montréal area.
- Stay in your vehicle.
- Turn off the vehicle's engine and open the trunk so that employees can remove the products.
- If you need to give the employees any information, please do so while remaining in your vehicle.

Waiting times may vary. Please be patient and wait in line.
