Public Meeting for the Orientations of the Marché de l'Ouest Re-imagine, Dream and Plan our City Together!

Dollard-des-Ormeaux, June 18, 2024 — As part of the revision of the Urban Planning Program and as a follow-up to the Open House event held on April 4 and 6, 2024, the City of Dollard-des-Ormeaux invites its residents to a public meeting regarding the **Marché de l'Ouest**. In response to a request from Council, this meeting is a continuation of the participatory process and aims to further explore the question and listen to the ideas of our citizens.

The Marché de l'Ouest was identified as one of the areas with potential for transformation in the **preliminary orientations of the draft Urban Planning Program**, which were unveiled to the entire city in March 2024. **This public meeting will provide an opportunity for a constructive exchange** between City professionals and citizens, in order to define a vision and the expectations for the eventual redevelopment of the Marché de l'Ouest landsite.

This public meeting **will be held on Wednesday June 19 at the Civic Center at 7 p.m.** We encourage residents to register in great numbers and to come and share their ideas in a convivial space, so that we can re-imagine, dream and plan our city together!

"Council wants to hear from YOU, DDO residents! The purpose of this consultation is to give a voice to our residents so that the future of the Marché can reflect the desires of our community", expressed Mayor Alex Bottausci.

You can find out more about this public meeting, the revision process of the urban planning program and our participatory approach on our [website](#). For any further questions or information, please contact us at the following address: consultation@ddo.qc.ca or by phone at 514 684-1012 ext. 2400.
