

A Pirate's Cove and a Ninja's Challenge at Westwood Park!

Dollard-des-Ormeaux, July 11, 2025 — Westwood Park is getting a breath of fresh air and a burst of action with the addition of two exciting new features for all ages: a Ninja Parkour course designed for youth seeking physical challenges, and a pirate-themed splash pad straight out of a fantasy world.

Created to meet the needs of teens, **the new Ninja Parkour course offers a series of physical challenges** that promote agility, balance, and endurance. This new space invites youth to climb, jump, and push their limits in a safe and stimulating environment.

Right next to it, ***The Caribbean Cliff* invites children into a water adventure** filled with mysterious sea creatures, waterfalls, and hidden treasures. The splash pad is divided into three distinct zones tailored to different age groups — from toddlers to older kids.

“These new additions reflect our vision of DDO 2.0 — a modern, dynamic city designed for families,” said Mayor Alex Bottausci. “The transformation of Westwood Park goes beyond new play structures. It’s about rethinking our public spaces so every generation feels inspired to live, move, and thrive right here in Dollard-des-Ormeaux. And this is just the beginning.”

With its shaded picnic areas, tropical landscaping, and interactive features, **Westwood Park** offers an inclusive and unforgettable summer experience. **It’s quickly becoming a must-visit destination this summer in Dollard-des-Ormeaux.**
